Office of the Asst: Director of Grass Farms, 9th Dn.

Station Bangalore., Date 15th February 1919

From

The Asst: Director of Grass Farms,
9th (Secunderabad) Division.

To

The Revenue Secretary to the Government of Mysore,
Bangalore.

Sir,

With reference to correspondence ending with my D.O. No.5111-F/319 dated 20th December 1918, I have the honour to enclose for your information a copy of a letter No.T.M. 906/18 dated 11th instant from the Dy: Traffic Manager, Dharwar M.&.S.M.Ry to Station Masters from Harihar to Banawar and Shimoga Branch regarding the prohibition of booking grass or fodder from their stations without priority certificates from the Director of Civil Supplies in Mysore and with reference thereto to request that you will be good enough to arrange for it to be made clear to all concerned that this restriction does not refer to fodder the property of the Government of India, Military Department, which may be harvested by the Military Farms Department, Bangalore from areas in the State leased to them by the Durbar under the leases between the Conservator of Forests in Mysore and myself dated 30th March 1916 and 4th January 1919 respectively and also purchased by the Military Grass Farms Department, Bangalore in the open market in accordance with clause 4 of the lease deed dated 30th March 1916.

2. The Station Master Shimoga has declined to book hay now being harvested by the Military Grass Farm Bangalore in

Lal Chand & Sons—2651—24-8-17—27,18,000 (Edn. I.)

accordance with the terms of the lease deed dated 4th January 1919 and as Station Masters at other stations within Mysore state boundaries may shortly take similar action if the fact that the restriction does not apply to the Military Department of the Government of India is not made clear at once, I should be glad if very early action in the matter could be taken.

I have the honour to be,

Sir,

Your most obedient servant,

Lieut.-Colonel,

Asst: Director of Grass Farms,
9th (Secunderabad) Division.

23

My D. Dewan

No. 1704.

A copy of the marginally noted letter, ~~with enclosure~~, is forwarded to the Chief Secretary to the Government of His Highness the Maharaja of Mysore, for favour of early consideration, with the remark that the subject may, if there be no objection, be brought up at the Conference on the 8th instant.

*No. 2346 dated 4th March 1919. from the Superintendent Hosur Remount Depot.

for *First Assistant Resident.*

R. O. 178 (a).—R. P. S.—2-1919.—1,000.

Letter No. 2346, dated the 4th March 1919, from the Superintendent Hosur Remount Depot, to the Hon'ble the Resident in Mysore, Bangalore.

---:0:---

I have the honour to state that intimation has recently been received by me conveying the decision of the Mysore Government to prohibit all exports of fodder from the State.

This order will seriously affect arrangements already concluded and approaching completion with regard to the fodder supply of Remounts at this Depot, now numbering nearly 2000.

Owing to the serious fodder shortage I have been obliged to eliminate from my calculations a great quantity which had formerly been obtainable in the immediate vicinity of the Depot, and contractors have for some time past been bringing in fodder from distant localities including Mysore Territory.

The various kinds of fodder which were being in part obtained from Mysore Territory before the enforcement of the prohibition order are enumerated below.

1. PADDY STRAW. An estimated quantity of ten lakhs pounds has been arranged for from Mysore Territory.

2. RAGI STRAW. About five lakhs pounds were being obtained from villages in the neighbourhood of the Depot, situated in Mysore Territory.

3. H A Y. About 100 cart loads from lands adjoining Malur and an equal number of cart-loads from the neighbourhood of Anekal have been purchased by contractors for this Depot, and now await removal.

4. LUCERNE. This is grown by villagers for Depot consumption in British and adjoining Mysore Territory. It is brought in daily to the Depot as available.

5. SUGAR CANE TOPS. Purchased for bedding as available in small quantities - a small amount is procured in Mysore Territory.

It

It will be noted from the above details that this Depot, owing to its close proximity to the Mysore borders, is dependent upon the state for a proportion of all fodder articles consumed. In order to avoid the dislocation of my arrangements for feeding the large number of horses for which I am responsible, I would request that the matter be laid before the Durbar with the object of obtaining license for the export of fodder articles required for the feeding of Remounts at this Depot.

I may add that I have instituted enquiries with regard to additional sources of supply, beyond those already tapped, in British Territory, which I shall utilize, as available, with a view to reducing the quantity required to be exported from Mysore.

---:0:---

DIARY NO. 15392

Office of the Director of Civil Supplies
and Controller of Prices in Mysore.

Bangalore Dated, 7th March 1919.

From

K. Matthan, Esq., B.A.,

Food Controller & Director

of Civil Supplies in Mysore.

To

C. S. Balasundaram Iyer, Esq., B.A.,

Chief Secretary to the Govt. of Mysore,

Bangalore.

Sir,

I have the honour to submit herewith for the orders of Government a copy of letter No.2323 of the 1st instant (together with its enclosure in original) from the Superintendent, Hosur Remount Depot, requesting that instructions may be issued to allow free passage to carts carrying ragi straw and paddy straw from Bangalore, Anekal and Malur to the Remount Depot at Mathigere near Hosur. From a personal discussion with the Superintendent on the 2nd instant, I learn that a greater part of the supply of horsegram, hay and fodder for the horse and cattle at the Remount Depot is sent directly by the Military Department, purchase and supply being arranged by the Controller of Military Contracts. These go in military transport carts and are not being detained or interfered with by our ookad establishments. The present communication from the Superintendent refers to supplies obtained through contractors. I request that the orders of Government may be obtained as to whether such exports may be allowed, and if so, to what extent.

I have the honour to be,
Sir,
Your most obedient servant,

Food Controller & Director.

KM/MPH.

23

Letter No.2323 dated 1st March 1919 from the Superintendent, Hosur Remount Depot, to the Food Controller in Mysore, Bangalore.

In forwarding herewith a petition dated the 1st instant from Sree Rama Bheemiah Chetty, Contractor for the supply of straw ragi and straw paddy to this depot, I have the honour to state that the supply of straw and hay is largely obtained from Mysore territory and as a large quantity of same is carted daily to this depot from various localities in the State, I shall be much obliged if you will kindly issue urgent instructions to allow the carts with the above articles to pass without detention on the roads leading to this depot from Bangalore, Malur and Anekal.

Copy.

B.O.C.211

DIARY NO. 15948

Office of the Director of Civil Supplies
in Mysore,
Camp Mysore,
~~Bangalore City~~, *Dated*, 11th March 1919

My dear Balasundaram Iyer,

I have got this morning your official memorandum No. G.20179 of the 10th instant in which I have been asked to furnish before 2 P.M. yesterday my views on the question of export of fodder to the Hosur Remount Depot. As regards lucerne and sugar cane tops no objection need be raised. Hay is not likely to be used by our ryots as it is too costly for them. The export of 200 cartloads of hay may also be allowed (less anything that has already been taken). As regards paddy straw and ragi straw, it is not easy to give a reply off hand. The quantity of paddy and ragi straw is about 670 tons or 1340 cartloads. The Deputy Commissioner of Kolar has informed me that fodder scarcity is experienced in the Malur taluk. I have not enough information about the situation in the Bangalore District from which the bulk of the ragi straw is proposed to be taken. Most of the paddy straw is I understand proposed to be got from the Mysore District.

Much of the fodder requirements of the Hosur Remount Depot are met by the Military Department from Bangalore. As we have given them extensive areas of forests for cutting grass in the Shimoga District and as they have also extensive Kavals, I would suggest that the Military be asked to ~~allow~~ export ~~of~~ fodder from the State to other parts only after the requirements of the Hosur Remount Depot are fully met by them, as otherwise, the State will have to bear a double drain.

I shall submit an official reply after consulting the Deputy Commissioners of Bangalore and Mysore.

Yours sincerely,

27

Letter No. 1338-F/319, dated the 26th March 1919, from the Assistant Director of Grass Farms, 9th (Secunderabad) Division, Bangalore, to the First Assistant to the Resident in Mysore.

---:0:---

With reference to your No.2045, dated 17th instant which has been transferred to me for disposal I have the honour to state, with reference to the Chief Secretary to the Government of H.H. the Maharaja of Mysore letter No. Pol.926, dated 14th March 1919 to your address that:-

(i) No fodder which is being produced or purchased within the borders of the Mysore State by the Military Department in accordance with the terms of the two lease deeds dated 30th March 1916 and 4th January 1919 between the Conservator of Forests in Mysore and myself will be exported during the current season beyond the State Borders with the exception of the quantities mentioned in para 4, items 1 to 5 of Superintendent, Hosur Remount Depot letter No.2346 dated 4th March 1919.

(ii) On the other hand, as the amount of fodder obtainable within the State under the above lease deeds is not enough for local requirements the Military Department is importing from British territory beyond the Mysore State borders some 8,930 tons of fodder this season all of which are for Military consumption within the State borders with the exception of 3250 tons which are in course of despatch to Hosur Remount Depot by road from Malur and Bangalore City Stations.

11360
1,72,3,200

2. In view of the fact that in accordance with clause 4 of the lease deed dated 30th March 1916 the Military Department is bound not to take on lease for the harvesting of grass, any other lands in the State except through the Conservator of Forests in Mysore but that they are at liberty to purchase fodder in the open market, I would suggest that the restrictions now imposed on the export to Hosur of ten lakhs pounds paddy straw and five lakhs pounds ragi straw which are being purchased by that Department in Mysore Territory are unnecessary.

3. In accordance with the terms of the lease deed above quoted it

it would appear that no restrictions can be placed on the purchase by the Military Department of fodder in the open market, within the State, though there is nothing in the lease which could prevent restrictions being placed on the export of fodder so purchased to places outside the State boundaries. As, however, the fodder on the export of which restrictions have now been placed is required for bonafide Military requirements and as the restrictions on its export, if not withdrawn, will only make it necessary for the Military Department to utilize that particular fodder within the State and to meet their requirements at Hosur by the export of a lik amount of fodder now being imported from British territory to Bangalore for Military requirements in that station, it would appear that the simplest arrangement would be for the Durbar to remove the restrictions in question, since in either case the result on the fodder situation within the State will be the same.
